Vendors,

We would like to thank you for being part of our event and being patient and understanding through this process. We are changing many things to hopefully improve the flow of the event. Food booths set up will remain very similar. On the day of the cruise-in please arrive before 11:00 am. You must be set up and be ready for health and fire inspections to begin by 3pm. ALL food vendors are required to have a fire extinguisher in the booth space/trailer. The fire chief will be coming to check vendor areas. Please see the attached list from the fire chief. If you do not have a fire extinguisher you will be given the opportunity to get one before the event starts. If you do not pass inspection you will not be able to participate in the event. There is no exception and there will be no refunds. Food Vendors are required to have a generator. We will not be able to supply any power to you. If you are getting power from a business on Main street that is an agreement you must make with the business. The festival committee is not a part of that.

Crafts and non-food vendors may begin arriving as early as 6am on Saturday October 5th. Main Street will close at 9:00 am for vendor traffic or when it is deemed no longer safe. Your booth space is marked in 10'X10' sections with white paint lines in the middle of the street. Set up will take place at that time. We will no longer be staging on the sidewalk. The Parade route has changed and the parade will NOT pass your booth space. We expect you to be open by 10 am so you may show/sell your items to parade traffic. We do not offer electricity for anything other than basic lighting for your tent. If you need some lights plugged in please bring a minimum 50 foot extension cord with you and a power strip. There is an additional fee for electricity.

We do hire police officers to work the festival. They are on duty overnight. You do not need to do an entire tear down overnight. You should secure your tent by closing up the sides or lowering it down, putting away breakables, valuables, and do not leave cash. If there is a problem overnight they contact us and we then contact you.

If you have any other questions please call, text, or email us. You can check our website for the most up to date information. www.heritageofflight.com
